### HOMES OF WOMEN

#### WRECKED BY THE INVADERS

#### Women Deserve a Better Fate

American women are better off than their European sisters in most respects.

Our American girls, however, are of highly nervous organization and usually suffer from trouble peculiar to their sex.

When a girl becomes a woman, when a woman becomes a mother, when women pass through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude, and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to carry along the bloom of health to their cheeks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last forty years it has benefited from the lives of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

If you are a sufferer, if your daughter, mother, sister, needs help, get Dr. Pierce's Favorite Prescription in liquid or tablet form at any medicine dealer's today. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and you will receive confidential advice from a staff of specialists that will not cost you a penny.

Today is the day. 36-page book on women's diseases sent free.—Adv.

### QUALITY AND VARIETY IN NEW DISC RECORDS

Fine February Offering, with Mid-winter Song Hits

a-Plenty.

The announcement of records by Mme. Eleonora de Cinerio, an American by birth and native of the Empire State, is certain to interest the American music public. Mme. Cinerio has the proud distinction of being the first American woman to make her debut in the Metropolitan Opera House without musical training abroad. She is a mezzo-soprano of extraordinary talent. When one considers the remarkable range of voices from low G to C sharp in all the diversity of roles she may sing gives her a "valuable advantage."

To New Yorkers Mme. Cinerio is known not only through her debut in the Metropolitan Opera House, but also through her very active participation in the several seasons of opera conducted by Oscar Hammerstein at the Manhattan Opera House.

Morgan Kingstons, the Welsh tenor, who has just closed his operatic season, and who, it is understood, will shortly appear in concert, sings two popular ballads.

One of these, "Come Into the Garden, Maud," with music by the composer of "The Bohemian Girl"—Michael William Balfe—needs no further recommendation. Coupled with this is "To the Parted." Both of these numbers are admirably suited to Mr. Kingstons' voice and he sings them with all the feeling and sentiment that they evoke.

Master Manolito Pines, the twelve-year-old pianist, who has gained conspicuous recognition on both sides of the water, has been engaged by the Columbia Company. His first record comprising "Chaminade's 'Arlequine'" and "The Whistling Wind" by Wilhelm Leisner. This latter selection is, in many respects, the best piano record so far issued, not only from the standpoint of interpretation and beautiful singing tone, but also from that of scientific perfect recording. He is a "prodigy," but not in the generally accepted sense of the word.

The list of recorded selections for the month of February embrace many mid-winter song hits. "Love Moon" from Ivan Caryll's "The Ship" as presented by Montgomery and Stone in the big Broadway success, is to be found here. Also "When You're Away," from "The Only Girl," Victor Herbert's latest triumph and many other popular songs of the season.

There are also listed a particularly pleasing recording by the Wellesley College Glee Club.

Not the least important, though in lighter vein, are the six double-disc dance records. All doubt as to the continued popularity of dancing in America have been effectively dispelled by the fact that the demand for dance music is steadily increasing.

The one-step is presented by four most attractive numbers. The waltz and the season's most popular dance—the fox trot—are admirably represented as well.

Purely Personal.

Col. George Harvey and N. C. Kingstons, of New York, were among yesterday's arrivals at the Shoreham.

G. Brambilla, newly appointed counselor of the Italian Embassy, has arrived in Washington and taken up his residence at the Willard.

Lieut. Commander and Mrs. A. W. Johnson are in Washington for a short stay and are stopping at the Shoreham.

Mr. and Mrs. J. B. Keating were among the arrivals at the Willard yesterday.

Livingsstone Davis, of Boston, and Claude Meeker, of Columbus, Ohio, are at the Shoreham for a few days.

Rear Admiral Charles Herbert Stockton, U. S. N., retired, president of George Washington University, who just returned from Chicago, where he went last week to attend a meeting of the newly organized Association of College Presidents.

MAY DELAY DISTRICT BILL.

Three Changes by Senate Meet Opposition in House.

From indications in the House yesterday, the District appropriation bill will not meet with a delay of several weeks when it goes to the conference committee, which probably will be today.

Three Senate changes were vigorously opposed in the House yesterday.

The half-and-half rider, defeated yesterday—the House, the amendment providing for the Federal and District government of products made in Occoquan penitentiary, and the Gallinger hospital amendment.

Another appropriation rider affecting the District probably will be introduced in the Senate the first of next week.

The amendment provides that an investigation be made into the cost of living for people residing in the District not employed by the government.

BROWNLOW IS CONFIRMED.

Senate Approves Newspaper Man for District Commissioner.

Louis Brownlow, Washington newspaper man, was confirmed by the Senate in executive session late yesterday afternoon. The committee was split, and no opposition to Mr. Brownlow's appointment was found.

Mr. Brownlow is expected to be sworn in within a few days. He will succeed F. L. Siddons, who was confirmed several days ago as Associate Justice of the District Supreme Court.

Mr. Brownlow is well known in newspaper Washington. He has devoted himself to special and political writing for years, and has traveled all over the world to obtain material for his stories. He qualified as a civic expert as a result of his studies of municipal problems incident to his newspaper and magazine work.
